DEMONSTRATION AT CARACAS

POPULAR OVATION ACCORDED AD-MIRAL MEADE AND HIS OFFICERS.

Proclamation Issued That Closed with the Words, "Hurrah for the United States! Vive Venezuela."

WASHINGTON, April 1.-The Secretary of State is very much concerned these days by the Venezuelan problem. The British ultimatum delivered to Nicaragua is not a scource of present apprehension for it is not now believed that the British authorities will take any action in the way of attempting to acquire any territory in that direction or even to jeopardize the property of Americans in Nicaragua by a bardment in their efforts to force a collection of the indemnity demanded from Nicaragua. These are the two moves that might cause the United States to interfere. But in the case of the Venezuelan boundary dispute there is much graver cause for apprehension. It appears that our embassador, Mr. Bayard, has not succeeded in inducing the British government to give heed to the request submitted by him at the direction of Congress, that the boundary dispute be submitted to arbitration. The British are profuse in their declaration of a willingness to arbitrate the title of the lands west of the Schomberg line, but, in the view of the State Department, this is a pure evasion of the real issue, for there never has been any reasonable assertion of a British right to this territory, and it is the territory lying east of this line that forms the substance of the contention. The present situation is believed to be alarming, as armed bodies of British and Venezuelans are pressing each other closely in the disputed territory, and there may be a hostile clash at any moment. The administration has been considering carefully the course to be pursued in such case, and it is entirely probable that if the British persist in bringing about such a collision through a failure to heed the repeated warnings and requests of the United States to submit the matter to a fair arbitration, then the United States will feel obliged to follow the moral aid it has given

stantial assistance. Word has reached here of a remarkable lemonstration at Caracas, the capital of Venezuela, expressive of the common sentiment of the United States and Venezuela in upholding the Monroe doctrine. It occurred on the visit of the United States squadron, under Admiral Meade, to Laguayra, where the officers were met by the government officials and were escorted with much pomp and popular evation to the capital. They were feted there in many ways, and official congratulations were exchanged between President Crespo and Admiral Meade. The entire press of the city united in a movement urging the government to erect a statue to ex-President Monroe of the United States on the Plaza de Lopez as a memorial to the American sentiment for the Monroe doctrine. The chief significance of the event is its coming at a time when the United States is taking an active part in the contention between Great Britain and Venezuela over the boundary question.

Prior to the arrival of the American officials a proclamation was issued asking the people to meet them at the depot and accord them due honor. It concludes with the words; "Hurrah for the United States! Vive Venezuela!' When the Americans were about to depart President Crespo issued an official letter to Admiral Meade. To this Admiral Meade replied officially, under date of March 18, saying that in behalf of the United States government he begs to assure the President that the sentiment of affection is fully reciprocated. Minister Andrade, the Venezuelan minis-

ter at Washington, has received a cable from Caracas announcing the formation of a new Cabinet as follows: Minister of the Interior, Dr. Juan Francisco Castillo; Foreign Relations, Dr. Lucio Pulido; Treasury, M. A. Matos; War and Navy, General Ramon Guer'a: Formento General, Jaccinto Lava; Public Instruction, Dr. Alex. l'endro Urbanija; Public Works, Jose Maria Manrique; Secretary to the President, Dr. Nunez. The new Cabinet is marked for its pronounced position on the Venezuela-British question.

INVITED TO CHICAGO.

The President Asked to Attend Sound-Money Demonstration. WASHINGTON, April 1.-The President this morning received a representative delegation of Chicagoans, who called in behalf of a number of the leading citizens of Chicago, irrespective of party affiliations, to invite the President to a public reception intended to be tendered to himself and Mrs. Cleveland as an expression of their appreciation of his steadfast in-

sistence on the preservation of a sound

sistence, on the preservation of a sound national currency. The members of the delegation were William T. Baker, president of the Chicago Board of Trade; Gen. George W. Smith, ex-president of the Union League Club; ex-Mayor Roach; T. W. Harvey, ex-president of the Commercial Club, and Messrs. Dav.d Kelly and Henry O. Robbins. The President expressed the gratification he feit at the call and the invitation they tendered, but gave no assurance of his acceptance, saying that he could not tell what the state of public business would be, and that his duties might require his presence in Washington for some time to come. As spokesman for the delegation, Mr. Roberts described their reception as follows; "We were received very pleasantly and explained to the President the nonpartisan character of the invitation. We also told him that the business men of Chicago heartlly approved of the movement; that while it was intended as a personal compliment to him, it had a still further object in view—the development of an aggressive sound money sentiment throughout the West. The President said that he personally appreciated fuuly the indorsement expressed by the invitation and realized the imposance of the movement in favor of sound money which he approved, and that he would take the matter proved, and that he would take the matter

HORSEFLESH AS FOOD. Consul Tingle's Suggestion to the

Ranchmen of the West. WASHINGTON, April 1.-In view of the

closing of German markets to Amer.can cattle, there is another direction toward which American packers might well turn their attention, and that is the preparation and sale of horse meat. The above is the suggestion made by United Staes Consul E. W. Tingle, of Brunswick, Germany, in a report to the State Department. He says that in large German cities the consumption of horse meat is almost as great as that of beef and mutton, and it is growas that of beef and mutton, and it is growing in the smaller towns. Of course, the customers are exclusively of the poorer classes, but they comprise nine-tenths of the consumers of the country, and the meat is sold for 7 cents a pound, as against beef at from 15 to 25 cents. The Consul sets out reasons to prove that horse meat a quite as good as beef. He says the demand has increased so rapidly in Germany that has increased so rapidly in Germany that there is difficulty to meet it, and whereas butchers formerly paid from \$5 to \$10 for a worn-out horse for slaughter they now pay \$45 and \$50, and the price is rising. The Consul sees here a great constitution

Sto and \$50, and the price is rising. The Consul sees here a great opportunity for American packers. He says the horse supply in America is practically inexhaustible; they can be raised in the West cheaper than cattle, and more easily shipped. The meat cannot be canned, but it can be furnished salted or smoked as well as fresh, just as it is used in Germany.

The report touches on the astonishing The report touches on the astonishing and rapid disuse of horses in America consequent on the introduction of the trolley car, which has made horse raising in the West unprofitable, and urges that the ranchmen may find relief by raising horses for food, the prejudice against the meat in America being no good reason why he should not profit by the different state of things in another country.

TREASURY STATEMENT.

Receipts and Expenditures for the Past Month-Debt Figures Not Given. WASHINGTON, April 1.-Owing to the delay in the branch printing office in the Treasury Office, the usual monthly debt statement was not issued to-day. The monthly statement of the receipts and expenditures of the treasury during the month of March shows receipts from all sources amounting to \$25,470,575, and expenditures amounting to \$25,716,957, leaving

a deficit for the month of \$246,376, and for the nine months of the first calendar year \$36,542,153. During March the receipts from customs amounted to \$14,829,789 and from internal revenue \$9,854,977. The expenditures on account of pensions amounted to the Director of the Mint to-day declared the vaule of foreign silver coins. The average price of silver during the quarter ended Jan. 1. 1895, was .62937 cents per ounce, and during the quarter ended March 31 it was 61 cents per ounce. The declared price, as announced to-day, is therefore .01937 cents per fine ounce less than the price at the beginning of the year.

Reports to the Director of the Mint show coinage during the month of March, 1895, as follows: Gold, \$2,866,102; silver, \$573,536; minor coin, \$70,196; total coinage, \$3,509835. Of the silver coined \$100,290 was in standard dollars. In addition to the above there were coined \$442,000 in 20-cent silver pieces for Ecuador. This was done by virtue of an act of Congress authorizing coinage for foreign governments on payment of the

M'KINLEY STARTS FOR HOME. The Governor First Calls on the President-He Likes the South. WASHINGTON, April 1 .- Governor Mc Kinley and party left their private car at the Pennsylvania railroad station after breakfast this morning and moved to apartments at the Ebbitt House. After seeing them well settled the Governor went out to visit some friends. He called on Senator Sherman, President Cleveland and Colonel John Hay. In the evening he and Mrs. McKinley went for a long drive, though the weather was threatening. He has not been here for two years.

The party left to-night on the 7:10 train for Canton, O., where the Governor will stop for a few days before going on to Columbus. During the day the Ebbitt House was bes'eged with callers on the distinguished Ohioan, and an avalanche of cards was poured in upon him. He was absent the greater part of the day, however, and few people were able to see him. In answer to a question he said to-day that his health was practically restored, and that except for a slight hoarseness he was entirely well. He appears to be in vigorous health. He expressed himself as much pleased with his Southern trip. "The South is a great country," he said, "and has a magnificent future. I like the people and they made my visit an enjoyable one." weather was threatening. He has not been

No Income Tax Decision. WASHINGTON, April 1.-The Suprem Court of the United States failed to hand down a decision in the income tax cases today, to the disappointment of a large audience which had congregated with the hope that an opinion would be forthcoming. During the session some member of the bar passed around a written reminder that it was the first day of April.

The court dismissed the writ of error in the case of John Colvin against the city of Jacksonville, from the United States Circuit Court for the Northern district of Florida. Colvin claimed to be a citizen of Illinois and the owner of property to the amount of \$50,000 in Jacksonville. In May, 1894, he applied for an injunction against the city and Mayor Fletcher to prevent issuance of bonds for \$1,900,000, on the ground that after the electors approved the issue payable in lawful money the City Council provided that it should be payable in gold coin. The court below dismissed passed around a written reminder that it in gold coin. The court below dism'ssed the bill for want of jurisdiction and the Su-preme Court dismissed Colvin's appeal.

Their object was to procure evidence on which attorney J. H. Hopkins this morning swore out warrants against dive-keepers Bryant, Feely, A. J. against dive-keepers Bryant, Feely, A. J. Summerville, Lizzle Esher, Lon C. Thompson and K. L. Carlton. Two warrants were also sworn out against Sigmund E. Freund, who keeps a clothing store, one charging him with Sabbath breaking and the other with selling goods on Sunday. The Retail Clerks' committee procured the evidence against Freund. One detail entered and secured the names and addresses of nine clerks of the establishment, who will be used as witnesses, while a second purchased clerks of the establishment, who will be used as witnesses, while a second purchased several articles of goods. An order issued by Chief Harrigan that the front doors of all saloons must be locked on Sunday was generally obeyed, only three arrests being made. These were A. TO ANNUL A CONTRACT

PETITION BY RECEIVER M'NULTA. OF THE WHISKY TRUST.

Effort to Head Off a Suit for \$550,000 Instituted by Nelson Morris-Greenhut Interested.

CHICAGO, April 1.-General McNulta, the receiver of the Whisky Trust, filed a lengthy petition in the United States Circuit Court to-day, asking that the Nelson Morris slop contract be annulled by the court. In his application General McNulta avers that President Greenhut, of the Trust, is a partner with Morris in the contract, though the contract purports to have been made solely with Morris. The receiver also charges the contractors with having failed to make a just report of the profits of the business and says that an accounting will show that they are indebted to the Trust in a considerable amount. The receiver desires to have the contract declared illegal for the purposes of heading off a suit for \$550,000, which Morris has instituted against the Trust. The contract was made on Feb. 24, 1892, for a term of three years. Its conditions were that the Trust was to provide ample barn room for the cattle that could be fed the distilleries named in the contract and that it was to furnish for each head of cattle so fed, an amount of slop per day, as derived from one bushel of mash, Morris agreeing to pay the sum of 6 cents per day for each bushel of the slop during the period from Oct. 1, of one year, to June 1 of the next. No charge was to be made between June 1 and Oct. 1. Instead, the contractors, after deducting all costs of feeding the cattle and \$8 per head, was to divide the profits above that sum with the trust and for such division was to receive all slop free between the periods named. The trust was to notify the con tractor in advance of the amount of grain to be distilled at each ustillery from Oct. to be distined at each distinery from Oct.

1 to June 1, so that he could arrange to have in the barns all of the cattle required to consume the slop. If at any time the edicillers shut down or could not supply the amount of slop needed the trust was to provide a sufficient supply of meal and water for the feeding of the cattle.

After setting forth the contract and the distilleries named in the contract which distilleries named in the contract, which were the National, Great Western, Manhattan, Woolner and Monarch, at Peoria the Wabash, at Terre Haute; the Consolithe Wabash, at Terre Haute; the Consolidated, at Cincinnati; the Missouri, at St. Louis; the Riverdale and Calumet, at Chicago; the St. Paul, at St. Paul, and the Willow Springs, at Omaha, the receiver points out that the contract was authorized in the city of Chicago, at a special meeting of the board of directors, held at Chicago on Feb. 2, 1892, and that the legal place of meeting was at Peoria; that Greenhut was the president of the board at that time and Morris was a director. The receiver points out the peculiar methods used in making the contract. The price of the slop was fixed in February, to take effect the following October, and continues at the same price of 6 cents a bushel take effect the following October, and continues at the same price of 6 cents a bushel for a period of three years, without regard to the price paid for grain. Furthermore, the price fixed in the contract was the same at all of the distilleries, though the price of the slop varied at the different places, according to the local conditions. ditions. At some points it was worth 7 at others 9 and others 10 cents a bushel By the terms of the contract the trust was compelled to keep its distilleries in operation in order to furnish the requisite amount of slop, without regard to the condition of the market and the demand for the making of spirits. The distilleries had not been started up last year until December and Morris now has a suit pending for \$550,000 damages for failure on the part of the trust to open its distilleries in October and furnish slop to him. The receiver says he has grounds of recovery against Green-hut and Morris for the amount unpaid or

received by them on account of the feeding. LION AND GRIZZLY.

Fight Between Africa's King of Beasts and America's "Terror."

LAREDO, Tex., April 1 .- Yesterday afternoon, in the bull ring, at New Laredo, Mexico, the African lion Parnell, fought a terrible battle with an enormous American grizzly bear. The attendance was large. The local Mexican and American officials, as well as all the most prominent business being there en masse. The animals fought desperately two rounds until they were pectations, neither was killed. It was a bloody combat, the crowd growing wild when twice the American grizzly threw his African opponent, the erstwhile king of beasts, so hard upon the ground that once, had time been called according to the usual rules, the lion would have been counted out. Throughout the battle the lion showed more agility and cunning, but the bear must be given the palm for stubborn solid Parnell is owned by Col. E. Daniel Boone, the lion tamer, and is the beast that killed a keeper at the midwinter fair. The bear, which is somewhat larger and heavier than the lion, was secured at New Orleans, where he killed two keepers in one day. This is believed to be the first time on record that such a combat has taken place. Mr. Sercombe, editor of the Laredo Times, was fortunate enough to secure four excellent instantaneous photographs of the battle. The fight took place in a large circular steel cage, twenty feet in diameter and fifteen feet in height. The half-inch bars of which the segments were composed, were no obstruction to a perfect view from every side. No more thrilling spectacle was ever witnessed than the spring made by the lion as he bounded into the cage and, with a magnificent leap of fully fifteen feet, grappled with his antagonist, the grizzly. The latter received him in an upright position and, though suffering terrible punishment, more than held his own in the rough and tumble "scrap" which followed. believed to be the first time on

BALLOTS CAST BY THE FAIR SEX FOR THE FIRST TIME.

Women Elected to the School Board at Many Points-Blee Defeated for Mayor of Cleveland.

Special to the Indianapolis Journal. EVANSVILLE, Ind., April 1 .- The Reputlicans scored another victory to-day. A. C. Hawkins was re-elected Mayor by about 500 plurality. There were four candidates in the field. Besides the regular Republican and Democratic tickets there were L. M. Baird, independent Republican, and W. A. Page, Populist. The campaign was one of the hottest in the history of the city. Besides electing the Mayor the Republicans also elected all four councilmen at large and four of the seven ward councilmen. In both the Republican and the Democratic parties there were internal dissensions and both tickets were badly cut, but the Deniecrats seem to have got the worst of it. Stockfleth, the Democratic candidate, is a large stockholder in the Evansville brewery, and this caused a hard fight to be made against him by the Cook brewery in favor of the Republican candidate,

WOMEN VOTED IN OHIO.

Some Were Successful Candidates for Office-Result of the Balloting. CINCINNATI, April 1 .- Women voted for the first time in Ohio to-day. In Hamilton county Mrs. Capt. W. W. Peabody, of Madisonville, was elected to the Board of Education, and she had a woman as competitor. At Harrison, this county, three women were defeated. At Carthage, one woman was elected. At Norwood, the women were defeated! Dispatches report the women defested at Camden; also, that women voted elsewhere in Ohio as follows: At Van Wert. 50 voted; at Ripley, 60; at Martin's Ferry, 49, out of a vote of 1,200. At Mansfield and at Morrow they turned out in the rain and refused offers of precedence by men. Commercial-Gazette specials report results of municipal elections in following

elected three councilmen each, making the Council a tie, with a Democratic Mayor to cast deciding vote. Mrs. Delia Lathrop Williams was defeated for the Board of Education by 238 majority. Both members of the School Board are Democrats. Although the weather was generally inclement there was much interest taken in the municipal elections, especially by the women in suburban places and smaller cities. In proportion to their number of candidates it is estimated that more women were elected members of boards of edu-

cation than men. The women did not oppose each other. They defeated men. Mrs. Peabody, wife of Vice President and General Manager Peabody, of the Baltimore & Ohio Southwestern railway, was elected in the suburban village of Madisonville. There was no election in this city, but in its suburbs the women did well. At Akron two women were elected and a majority of the places elected one. With the exception of two or three larger cities the Republicans were successful. Although only local issues were at stake, they seemed to turn out better than their oppo-

Democrat Chosen at Columbus. COLUMBUS, O., April 1.-The municipal election to-day was the most exciting in the history of the city. For Mayor, Cotton H. Allen, Democrat, received 10,747; Oliver M. Evans, Republican, 8,868; B. E. Oliver M. Evans, Republican, 8,868; B. E. Williams, Independent, 2,583; George H. Twiss, People, 117. Mr. Allen is elected on a liberal platform. The independent candidacy of Mr. Williams, on a reform platform, defeated the Republican candidate, Mr. Evans. Mr. Allen's platform was manage a municipal as you would a private corporation; close saloons Sunday and midnight of each week day; no changes in subordinate offices except for cause; all employes to give their, whole time and to belong to all parties and not be assessed for campaign purposes.

Close Race at Toledo. TOLEDO, O., April 1.-Up to midnight fifty-four precincts out of the sixty-eight in the city gave Parkshone, the Democratic candidate for Mayor, 110 plurality. Last fall the Republicans carried these by 2,964. Major for Mayor and Martin for police commissioner, appear to be the only Republicans defeated on the city ticket. The City Council and the school board are probably Republican. None of the three women candidates for the school board was elected. Later.-The board of elections, at 2 o'clock this morning, announced the elec-tion of Major, Republican, tor Mayor, by 21 plurality. The race was excitingly close, the last place that was heard from decfli-ing in favor of the Republican candidate. Last fall the city went Republican by 3 623. Two years ago Major was elected by 168 plurality. plurality.

Blee Defeated by McKisson CLEVELAND, O., April L.-Returns from more than half the city indicate the election of Robert E. McKisson, Republican, for Mayor by about 4,000 plurality. The remainder of the Republican ticket is successful by larger piuralities. The woman candidate for the School Council on the Republican ticket runs behind the three male candidates. The vote was very light. The result is not materially different from what it was a year ago.

All Didn't Exercise Their Rights. LIMA, O., April 1.-The Republicans elect the entire city ticket by majorities ranging from one to four hundred. Five of the seven councilmen are Republican. The women failed to take full advantage of their rights, not over two hundred female ballots being cast. Mrs. George Vicary was elected member of School Board with votes to spare. The day was unpleasant, and a light vote was polled

Two Women Successful. AKRON, O., April 1.-The Republicans elect the entire municipal ticket except one councilman. E. R. Harper's plurality for Mayor was 1,000; William Mason, for marshal, 1,300, and Arthur J. Rowley, for solicitor, 800. Two women were elected to the school board.

All Women Candidates Defeated. YOUNGSTOWN, O., April 1 .- The Republicans elected their entire city ticket, with the exception of water works trustees. The Council stands fourteen Republicans to six Democrats. All the women candidates for the School Board were defeated.

Carl Browne Beaten. MASSILLON, O., April 1.-Republicans elect all but one candidate on their city ticket. Carl Brown was defeated for city solicitor, but two Populists were elected to the Council. Three women were elected to the School Board.

Five Women Defeated. PORTSMOUTH, O., April 1.-The entire Republican ticket was elected here, excepting one councilman. The fight was on mar-shal, but Watkins, Republican, pullel through. The five women candidates were all defeated.

Republicans Made a Clean Sweep. ZANESVILLE, O., April 1 .- W. S. Bell, for Mayor, and the entire city ticket, were elected here to-day. Every branch of the city government, which has been Democratic, is, by to-day's election, made Republican.

Democrats in Favor of Evans. NASHVILLE, Tenn., April 1 .- Two hundred and fifty Democrats of this city have signed a call for a mass meeting to de-clare in favor of seating H. Clay Evans, Republican contestant for the governorship.

Republican Ticket Successful by Pluralities of 25,000.

DETROIT, Mich., April 1.-In the election of a Justice of the Supreme Court and two regents of the university, to-day, Michigan Republicans were again easily victorious. The vote was very light throughout the State, not to exceed half the vote of last fall being polled. The indications at a late hour are that Moore, Rep., defeated Mc-Grath. Dem., the present incumbent, by 25,000. The Republican plurality on Governor in 1894 was 106,392. The Republican candidates for regents are elected by about similar pluralities.

Reports from the city and township elections thus far show that the Republicans have held their own for the most part. The voters appeared to be apathetic, and the interest of the women in the outcome of the elections of school trustees seems to have been no exception to the rule, as the women's vote as yet shows no in-

Burrows's Successor. KALAMAZOO, Mich., April 1 .- From the returns at hand from the Third congressional district Lieutenant Governor Milnes is elected to succeed Julius C. Burrows in Congress. A. M. Todd, who was the candidate of the combined opposition to Milnes, went out of Kalamazoo county with 500 plurality to his credit, as against 1,000 for Burrows last fall. Todd's losses in the other counties, however, will give the election to Milnes by probably upwards

Results in . lowa. DES MOINES, Ia., April 1.-Municipal elections were held at a few Iowa cities to-day. At Keokuk the Republicans cleaned up everything but two aldermen and the city marshal. In Dubuque the Democrats elected the Mayor and secured control of the City Council.

Victory for the A. P. A. BLOOMINGTON, Ill., April 1.-The School Board election to-day resulted in a victory for the A. P. A. ticket, electing three candidates and giving the A. P. A. one majority in the School Board.

NO TICKETS PRINTED. Prospective Trouble Over an Election

in Oklahoma. PERRY, O. T., April 1.-There is a good deal of excitement here over the city elecif blood will be shed. The present Republican city officers contend that no election is to be held at this time and up to this time no tickets have been printed. Judge Bierer has removed George W. Purcell, late of Chicago, who was elected city clerk on the Republican ticket a year ago, and ordered the Council to appoint a new clerk to prepare the ballots and perform other duties. The Council was also about to refuse to obey the order, but later appointed a clerk after being convinced that all might be jailed for contempt. The Democrats and Populists have fused and the Republicans have nominated an independent ticket but have nominated an independent ticket, but the present officers, who were left off the independent ticket and who have considerable of a following, are determined that no election shall be held.

The New National Party. PITTSBURG, April 1.-The committee of one hundred of the new National party met in Pittsburg to-day and decided that the national executive committee shall be formed by a representation of two men and two women from each State. For the State committees the representation shall be the same for each legislative district. The State convention is to be held at Pittsburg or Alicona on June 4. A call was made for \$70,000 for national expenses and \$12,000 for the local work. Resolutions were passed setting forth the aim of the party and isking each State to name delegates for the national convention in March, 1896.

Break in Ranks of Miners. PITTSBURG, April 1.-There was a break in the ranks of the striking miners of the Pittsburg district this morning, when the mines of E. L. Robinson, on the Wheeling mines of E. L. Robinson, on the Wheeling division of the B. & O. road, resumed at the compromise rate of 60 cents per ton. About 350 men are employed there. The break is not considered a serious one by the miners' officials, as it is quite certain that the organization will not accept the 60-cent rate, which is 9 cents lower than the rate demanded by the strikers.

Knocked Out by the Governor. LITTLE ROCK, Ark., April 1.—The Mc-Coy-Needham glove contest did not take place to-night as advertised, Governor Clarke having refused to allow the contest, Clarke having refused to allow the contest, threatening to arrest all participants, spectators and all, if the "go" was attempted. In Arkansaw it is unlawful to engage in any prize fight, either with or without gloves. Needham and McCoy have agreed to meet before the Pastime Athletic Club, of Memphis, on April 16.

Suit for \$100,000 Damages. NEW YORK, April 1.—William R. Wilder, an attorney, has sued the New York Bank Note Company for \$417 for professional services. As a counter claim, the New York Bank Note Company sues for \$100,000 damages from Wilder because of what the defense alleges to be a business conspiracy with Russell Sage. The first case was called for trail to-day in part three, City Court, Justice Conlin presiding.

Nervous

People should realize that the only true and permanent cure for their condition is to be found in having

Pure Blood

Because the health of every organ and tissue of the body depends upon the purity of the blood. The whole world knows the standard blood purifier is

Hood's Sarsaparilla

And therefore it is the onlytrueand reliable medicine for nervous people. It makes the blood pure and healthy, and thus cures nervousness, makes the nerves firm and strong, gives sweet natural sleep, mental vigor, a good appetite, perfect digestion. It does all this, and cures Scrofula, Eczema or Salt Rheum, and all other blood diseases.

Byron B. Park was appointed receiver. The liabilities are about \$60,000; the assets \$100,-000. The bank closed its doors during the panic of 1802, but opened again immediately. Emmons Burr, the president of the bank, is one of the owners of B. B. P., the famous trotting horse. The horse was named after Byron B. Park, the receiver of the bank

She Will Go to Europe. Washington Post.

Washington Post.

A Washington young woman is going to spend the summer abroad. She earned the money for her trip by influencing legislation, and she does not deny it. Toward the end of the last session of Congress a certain bill went into a committee where it seemed, likely to remain. The man who was chiefly interested in it was at his wits end. He lobbied and lobbied till he was almost mad, but to no purpose. Then he went to the young woman.

"See, here," said he bluntly, "do you want to go abroad?"

"Certainly," said she.

"Well," he went on, "get this bill through for me, and you can go."

And she did get it through for him. She did not use guile nor blandishments. She went about it simply and frankly. The majority of the committee were acquaintances of hers, and she simply said to them that the bill was just, that she was to go to Europe if it passed, and that she wanted it passed. The thing did pass, she is going to Europe, and it all shows that if you want anything done and done promptly, you have to put it into a woman's hands.

Smart Boy.

Boston Home Journal. "Boys," said a teacher in a Sunday school, "can any of you quote a verse from Scripture to prove that it is wrong for a man to have two wives?" He paused, and after a moment or two a bright boy raised his hand. "Well, Thomas?" said the teacher encouragingly. Thomas stood up and said: "No man can serve two masters."

The Truth.

Detroit Tribune. To the mouth of the babe they heark-ened for the truth they had elsewhere "Why," asked the wise men, "do you pray for your daily bread?"

And the simple child spake, saying: "Macan't bake bread."

Movements of Steamers. NEW YORK, April 1 .- Arrived: Aurania,

GIBRALTAR, April 1.-Arrived: Fulda, rom New York. A Fire in Wabash Street.

At 2:15 this morning fire damaged the Annex saloon, opposite the entrance to the Empire Theater, several hundred dollars. and John Maun's livery stable to a small extent. Patrolmen Asche and Mathey smelled fire several hours before they could locate it. The loss was small and all the horses were removed to a place of safety.

A Graceful and Artistic Pyramid. The pavilion at the pure food exhibit devoted to the display of the products of the Indianapolis Brewing Company, Albert Lieber, president and general manager, is a handsome and expensive affair. The pavilion is in octagonal form, the canopy white, with golden fringe, being supported by eight graceful columns. The display under the canopy is in the form of a pyramid composed of bottled Wiener, Budweiser, Stock and Cream Ales, Tonic, Pilsener, Special Brew, Lieber's Tafel Beer, etc. The pyramid is strewn with hops, upon which the bottles rest and the hop groundwork adds greatly to the beauty groundwork adds greatly to the beauty of the display. These goods are especially appropriate to a "pure food exhibit."

is splendid to entertain your friends with. Its bouquet and delicious taste is unrivaled. Dangerous Use of Strong

Purgatives.

Most pills and purgatives which act quickly upon the bowels, irritate and often destroy the mucous coats of the stomach and bowels. Indeed, their cathartic action is directly caused by the irritation of the bowels, which they produce. Their action should be soothing and stimulating instead of irritating. A continued use of such remedies produces chronic inflammation of the stomach and bowels. This often ends in dangerous disease. The use of the genuine imported Carlsbad Sprudel Salt is highly recommended as an aperient, laxative and diuretic, because its action is due solely to its solvent and stimulating properties. It soothes and allays inflammation, and is, therefore, much preferable to all strong

urgatives. Reware of imitations. Dr. Toboldt's lecture on Carlsbad Sprudel Salt and pamphlets nailed free. Elsner & Mendelson Co., sole ents, 153 Franklin street, New York.

GRATEFUL-COMFORTING.

BREAKFAST-SUPPER. "By a thorough knowledge of the natural lawa which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocca, Mr. Epps has provided for our breakfast and supper a delisately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to discase. Hundreds of subtle maldles are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping correlves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
